INFO LETTER

Welcome to Nousiainen!

Our fall show is a double certificate show.

Arrival:

- Parking in the show hall area is free (P1, P2, P3, P4). Please, do not park in private residential parking lots.

During the show you can exit the venue only from the main entrance on the second floor.

Veterinary Inspection and Registration:

When you enter the exhibition hall, please make sure that no gravel comes in with your shoes, as the floor is soft. High heels/spiked heels are not allowed.

Veterinary inspection will be done randomly. All cats' vaccinations will be checked, and they must be given by 13.11.2026 at the latest (rabies according to manufacturer's instructions). Please pay attention to the validity of the Nobivac vaccine, which is 1 year.

All cats attending the exhibition must be registered as present. If you have paid for the exhibition catalogue, you can ask for it at registration.

Exhibition:

There is no numbered cages at the exhibition so you are free to choose any free spot, except, for Saturday's Breed BIS cats we have reserved the first three rows of tables. Other breeds can go on these rows only if there's no free places on other rows. Also, remember to fill the cage spaces tightly so that no individual spaces are left in between.

Cat litter is available near the public entrance, and first aid can be found at the rosette table. All cats must have a litter box in the show cage, and access to food and water during the day.

If your cat graduates to a title during the exhibition between evaluations (classes 1-10), please notify the secretariat immediately so that the correct class can be entered in the judge's papers for the next evaluation. Also, remember to check the judges who have given certificates in the same class, so you can request a counter-signature, if needed. This is the owner's responsibility, and it cannot be done after the exhibition.

On Saturday the primary show is Glögii and on Sunday it's Piparei, meaning that in case nominations are at the same time in both shows, go to the primary show.

An exit permit will be given separately during the exhibition day. Unauthorized removal of a cat will result in disqualification.

OBS! On Sunday, the rosette table will be closed before the panel.

Theme show:

The special classes of our themed show will take place on both days after the judges have completed their Best in Show nominations.

Our special-class judges will be Riitta Niemelä from our sponsor Royal Canin Finland, Shea Beasley from our partner Akesovet Oy, and representatives of Kissankulma.

The classes are Best Party Spot, Santa and Reindeer, Most Sparkling Servant, and Christmas Cat.

When the competition starts, participants in the Santa and Reindeer and Most Sparkling Servant and Christmas Cat classes will be called to the awards table.

Pilot testing:

Felifile.com is an easy-to-use mobile website that lets you keep track of the judging queues at Turok shows without having to check the judge's table. You can easily follow

the queues for several cats at the same time. Felifile estimates waiting times and alerts you if the estimated judging times are close to overlapping. You'll also get updates on Best in Show nominations and their schedule.

The café offers coffee, tea, soft drinks, savoury and sweet homemade baked goods, filled rolls, and sweets. Grilled sausages are also available outside.

Café staff will also be making rounds in the hall, so just stop them if you would like to have food delivered to your cage area.

The upstairs café is wheelchair accessible.
